## WHAT IS A CONTINUUM OF CARE FACILITY?

### CONTINUUM OF CARE AND ASSISTED LIVING

66 O.S. Supp. 1998, Section 1-890.1 et qes., and the Continuum of Care and Assisted Living Rules, OAC 310:663

“Continuum of care facility” means a home, establishment or institution providing nursing facility services as defined in Section 1-1902 of Title 63 of the Oklahoma Statutes and one or both of the following:

- (A) assisted living center services as defined in the Continuum of Care and Assisted Living Act; and
- (B) adult day care center services as defined in Section 1-872 of Title 63 of the Oklahoma Statutes {63: I-890.2.4}.

Continuum of care facilities gives the consumer a choice of settings that can be adjusted to meet their needs and capabilities. When living in a continuum of care residents might not have to be discharged based on short-term variations in their health status or ability to ambulate. This type of facility combines the services of a nursing home with an assisted living center or an adult day care center.
