ANNUAL ACTION PLAN

Period July 1, 2019- June 30, 2020

May 2019

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Tulsa County HOME Consortium, formed in 1994, serves 24 members governments in Northeastern Oklahoma in a geographic area that covers 5,291 square miles. The Consortium includes 18 cities and 6 counties with an estimated total 2017 population of 545,441. The Consortium includes rapidly growing suburban areas adjacent to the corporate city limits of Tulsa and small communities under 5,000 population, as well as the unincorporated rural areas of six counties. The Tulsa County Community Development Block Grant Urban County, formed in 2008, is comprised of unincorporated Tulsa County and ten Tulsa County incorporated places, including the City of Sapulpa (whose city limits include a portion of Tulsa County). The City of Tulsa is not a member of the CDBG Urban County. This Annual Action Plan 2019 outlines the activities which will be undertaken during the 2019 program year, beginning July 1, 2019 and ending June 30, 2020 using federal funds allocated to the Tulsa County HOME Consortium and the Tulsa County CDBG Urban County Entitlement program. Programs and activities described in this Annual Action Plan will principally benefit low and moderate income populations of the service areas of the HOME Consortium and the Urban County.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Based on an assessment of needs across the Consortium region, priorities were selected to focus HOME and CDBG funding. Proposed goals and objectives for the Annual Action Plan period were developed to address those priorities.

HOME

Priority Need: Availability of Rental and Owner-Occupied Housing

Goal: New Construction of Multifamily Supportive Housing

Objective: Creation of affordable rental housing units for low income and disabled households

Outcome: Construction of 20 multi family rental units for extremely low income individuals with developmental disabilities.

Priority Need: Rental Housing for Elderly Households

Goal: Rental Housing for Elderly

Objective: Rehabilitation of existing affordable rental housing and supportive services within one complex to permit elderly to continue to lead independent life styles.

Outcome: Rental units rehabilitated: 40 Household Housing Units

CDBG

Priority Need: Sustainability of Community

Goal: Construction of Public Facilities and Services

Goal: Construction of Public Infrastructure

Objective: Communities participating in the CDBG Urban County will seek to improve the quality and increase the quantity of public improvements and services for low income residents within their jurisdictions.

Outcome: Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit:

3,282 Persons Assisted

Public service activities other than Low/Moderate Income Housing Benefit:

46,517 Persons Assisted

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In recent years, significant contributions have been made by the HOME Consortium to supply new and rehabilitated affordable housing units to the member governments. This includes funding for the rehabilitation of affordable rental units for the elderly and families, construction of innovative single-family housing units to promote homeownership and affordable rental opportunities, and homebuyer assistance. To date, eleven MTHC Consortium cities have benefited from the construction of elderly congregate housing projects that were financed in part with the Consortium HOME funds. Two member communities, Sapulpa and Broken Arrow, have two HOME-funded elderly projects in their cities.

The City of Broken Arrow has utilized CDBG funds for numerous public works projects that have benefited low to moderate income residents of the residential neighborhoods in the Central

City. Several social service agencies have also received CDBG funding for their programs that serve the special needs populations in the City of Broken Arrow.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Each of the member governments in the CDBG Urban County held public hearings to determine which projects to develop within their respective communities. HOME Consortium CHDOs were consulted to develop affordable housing activities based on area needs. The Tulsa County-Tulsa-Broken Arrow Continuum of Care members played a key role in the homelessness discussion.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

Inquiries and comments regarding the Consolidated Plan may be directed to the INCOG Community and Economic Development Manager at (918)584-7526.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The Consortium has been working closely with the providers of affordable housing for the elderly and other population groups in the Greater Tulsa area since the MTHC was created in 1994. Consortium/INCOG staff members have developed excellent working relationships with homeless provider agencies through the CoC review process and by monthly attendance at the "A Way Home 4 Tulsa" Governance Council meetings and related events.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Consortium works closely with providers of affordable housing for elderly populations and for populations with mental health disabilities to increase opportunities to housing populations in need.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Consortium does not receive funding for homeless prevention, rapid re-housing, or supportive services for the homeless. INCOG staff members serve on the Governance Council of "A Way Home 4 Tulsa" and they also serve on the Review Panel for the Tulsa-Tulsa County-Broken Arrow Continuum of Care application process. Local homeless service providers in Tulsa provide assistance to homeless individuals and families in the greater Tulsa area. As of 2013 the Tulsa & Tulsa County/Broken Arrow Continuum of Care merged with "A Way Home for Tulsa". The AWH4T Governance Council unanimously voted to expand its scope from a single focus on ending *long term* homelessness to a system-wide planning initiative focused on *ending homelessness*. This decision is driven by numerous factors including staffing needs, federal regulations, and positioning the organization to take advantage of numerous opportunities. Leadership from the participating agencies is actively engaged while the agencies are facilitating real change within their own organizations to best support the *A Way Home for Tulsa* Integrated and Coordinated Case Management "Pathways" Program and the HUD funded Homeless Management Information System and Continuum of Care Programs. There are 23 participating agencies, including INCOG, in the AWH4T structure. It is the mission of AWH4T to find solutions to end homelessness in the Tulsa Metropolitan Area through partnerships among non-profit agencies, private business, governmental entities, philanthropic organizations, the investment community, and private citizens.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

An INCOG staff member attends the monthly meetings of the "A Way Home 4 Tulsa" Governance Council. In addition, an INCOG staff person serves on the Continuum of Care Review Panel for the Tulsa-Tulsa County-Broken Arrow CoC application. In the past, an INCOG staff member has served on the ESG Review Panel for the City of Tulsa. There is frequent contact and interaction with the participating agencies in the AWH4T structure throughout the year.

Narrative

State agencies such as the Oklahoma Department of Commerce (small city CDBG program); Oklahoma Housing Finance Agency (LIHTC, HOME), and the State Department of Mental Health are partners in assessing housing and community development needs within the region. Coordination is sought when appropriate.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

A Citizen Participation Plan is in place for the Consolidated Plan process. The Plan details participation of groups impacted by CDBG and HOME funding, and encourages participation of low and moderate income residents, minorities and non-English speaking persons where significant populations exist, residents of assisted housing, and residents of targeted areas. The member cities of the CDBG Urban County are required to hold a community development Needs Public Hearing within their communities, per the Tulsa County CDBG Urban County Application guidance. Several of the communities hold informational meetings in neighborhoods targeted for CDBG project assistance. Notice of the public hearings are given via community newspaper publication or by posting. The Policy Committee, comprised of public officials from the local jurisdictions, is apprised of the public participation process, and actively solicits participation in their communities. The new Revolving Entities rotation did not require Glenpool, Skiatook or Sperry to hold a 2019 needs public hearing. CDBG Needs Public Hearings were held in these communities in 2019:

Bixby: March 11, 2019 at 6:00 PM

Broken Arrow: April 2, 2019 at 5:00 PM

Collinsville: March 4, 2019 at 5:30 PM

Owasso: March 5, 2019 at 6:30 PM

Sand Springs: February 26, 2018 at 7:00 PM

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal CDBG funds will be leveraged with local city funds in order to construct larger projects with greater impact to the community. CDBG Public Services funds will be combined with local United Way grants to provide funding to social agencies to impact low and moderate income residents in need. Each participating jurisdiction receiving HOME funds is required to provide a 25% match. That match may be in the form of direct subsidies, infrastructure improvements in the targeted area and/or the waiving of related construction fees. Currently, the HOME Consortium has available over \$3 million in banked match to apply towards HOME projects within the service area.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Limited publically owned land or property located within the jurisdictions will be used to address the needs.

Introduction

This Second Program Year Annual Action Plan outlines the activities which will be undertaken during the 2019 program year, beginning July 1, 2019 and ending June 30, 2020 using federal funds allocated to the Tulsa County HOME Consortium and the Tulsa County CDBG Urban County Entitlement program. Programs and activities described in this Action Plan will principally benefit low and moderate income populations of the service areas. In Program Year 2019 (Second Program Year of a new Five-Year Consolidated Plan), the HOME Consortium will provide an affordable housing program, Rehabilitation of Elderly Congregate Housing, that will serve 40 low to moderate income seniors over 62 years of age, and the construction of 20 HOME rental units for persons with developmental disabilities. Program Year 2019 is the twelfth year for the Tulsa County Community Development Block Grant Urban County. Unincorporated Tulsa County and ten Tulsa County incorporated places, which includes the City of Sapulpa (whose city limits include a portion of Tulsa County) participate as members of the Tulsa County CDBG Urban County Program. The City of Broken Arrow, formerly a CDBG Entitlement city relinquished its status as an entitlement in order to join the Urban County. The City of Tulsa is not a member.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Metropolitan Tulsa HOME Consortium, formed in 1994, consists of 24 member governments in the northeastern part of Oklahoma. There are six county governments: Tulsa, Creek, Osage, Rogers, Wagoner, and Washington Counties. The eighteen cities within those counties who are members range in size from the largest member, Broken Arrow to the smallest member, Sperry. The estimated total 2017 population of the MTHC Consortium area was 545,551. HOME funds are targeted to low to moderate income households or individuals for all housing programs conducted by the Consortium.

The Tulsa County CDBG-Community Development Block Grant Urban County with eleven member governments was formed in 2008. Tulsa County is the lead entity. The CDBG Urban County consists of the unincorporated areas of Tulsa County and ten Tulsa County communities. The City of Broken Arrow, a former CDBG Entitlement, receives an annual allocation from the Urban County program. The City of Broken Arrow will continue to use funds in target areas encompassing the original town site, to administer a comprehensive neighborhood improvement program. The Cities of Bixby, Broken Arrow, Owasso, Sand Springs, and Sapulpa receive funding allocations as Metro Cities. The remaining cities of Collinsville, Glenpool, Jenks, Skiatook, and Sperry, along with Tulsa County are in a 3-year rotational category. All members of the Urban County establish their own priorities for use of CDBG funds, and determine which activities they wish to fund.

Within the CDBG Urban County, each member government conducts a needs public hearing annually to request citizen comments. Projects are selected that will provide an area-wide benefit to a census tract or block group that has 51% or more to low to moderate income population. For some projects, an income survey is provided for a targeted neighborhood. A community may choose a project that benefits a limited clientele population such as senior citizens. The HOME program benefits low to moderate income individuals throughout the six- county HOME Consortium area, most commonly on a household basis such as homebuyer assistance or homeowner housing rehabilitation. Elderly Congregate Housing projects are developed in communities where an extensive market analysis shows the need for affordable apartments for senior citizens.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

Forty (40) units of affordable rental apartments are proposed to receive energy efficiency improvements at an elderly congregate housing complex in Coweta. Twenty new units of rental multi family supportive housing will provide affordable housing to low income individuals with developmental disabilities.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

Actions planned during the next year to address the needs to public housing

The small number of units of public housing in the Consortium service area are self-sufficient and self contained, and do not present opportunities for utilization of the Consortium's limited funding resources.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

No actions are planned by the Consortium.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

No PHA's within the Consortium service area are designated as troubled.

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

INCOG staff members attend the monthly meetings of the AWH4T (A Way Home for Tulsa) Governance Council which oversees the Tulsa-Tulsa County Continuum of Care process. In addition staff members attend the bi-monthly meeting of the Homeless Services Network. An INCOG staff member serves on the Continuum of Care Review Panel that is convened on an annual basis to review the local CoC renewal application and to conduct the annual new project ranking for submission in the CoC Consolidated Supportive Housing Program application. In addition, INCOG staff members participate each January in the *One-night Consumer Survey* or PIT-“Point-in-Time” count of the Tulsa area homeless population. The INCOG staff focuses on the City of Broken Arrow during the One-night survey.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

An INCOG staff member participates with local volunteers each January in the One-night Consumer Survey or the "Point in Time Count" of the local homeless population. INCOG coordinates the survey in the City of Broken Arrow and consults with Broken Arrow Neighbors on locations and situations to be checked on the night of the survey. In addition, the Homeless Outreach Team Coordinator contacted the Broken Arrow Police Department to see if there were other locations to be checked. The 2019 PIT Survey was held on the night of January 24, 2019 and a volunteer from Street Church Tulsa assisted INCOG staff in Broken Arrow. There were no persons counted as homeless in Broken Arrow on that evening; however the volunteer found former camp sites where people had been living outdoors in the warmer months. Other locations in Greater Tulsa that were checked included HUD Permanent Supportive housing locations; Veteran's housing programs such as HUD VASH; and Safe Haven and Transitional Housing programs. Jail and Detox treatment facilities were also counted.

Addressing the emergency shelter and transitional housing needs of homeless persons

The MTHC does not receive or administer funding for this homeless population. INCOG staff members continue working as active participants on the AWH4T Governance Council and in the local Continuum of Care process. There has been an expanded outreach effort in Broken Arrow for the "Point-in-Time" count in January with added volunteers and guidance provided from the staff of Broken Arrow Neighbors.

Helping homeless persons (especially chronically homeless individuals and families, families

with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The MTHC does not receive or administer funding for this homeless population. INCOG staff members continue working as active participants on the AWH4T Governance Council and in the local Continuum of Care process. There has been an expanded outreach effort in Broken Arrow for the "Point-in-Time" count in January with added volunteers and guidance provided from the staff of Broken Arrow Neighbors.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

There are several complex factors which prevent lower income households from obtaining affordable housing. Many of these factors are influenced by elements which are beyond the control of government. These factors include; economic conditions, interest rates, labor and material cost, wage levels, and non local tax policies. We should encourage our 24 local governments to look at factors such as land use and development regulations, development fees and building codes that may not be conducive to creating affordable housing. Cities and counties in the Consortium all participate in the promotion of fair housing within their communities. All 24 local governments are current or former recipients of CDBG funds and have conducted activities to promote fair housing. Such activities have included promoting April as Fair Housing Month, adopting or updating local Fair Housing Ordinances and making available a Fair Housing Brochure.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Tulsa Metropolitan Area does not generally have restrictive public policies in place that might be barriers to the creation of affordable housing. Housing costs in Oklahoma and the Tulsa region are generally some of the most affordable in the country.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Actions planned to address obstacles to meeting underserved needs

No actions planned.

Actions planned to foster and maintain affordable housing

The HOME Consortium will continue to fund energy efficient improvements to elderly apartment units in order for residents to have access to affordable housing.

Actions planned to reduce lead-based paint hazards

No funds are anticipated to be directed to lead based paint hazard mitigation, due to limited HOME funds.

Actions planned to reduce the number of poverty-level families

No actions planned.

Actions planned to develop institutional structure

No specific actions planned.

Actions planned to enhance coordination between public and private housing and social service agencies

INCOG, as a regional planning agency coordinating transportation, housing, planning and zoning, will continue to collaborate with public and private housing and social service agencies on a wide range of topics and initiatives not necessarily funded through HUD.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

It is anticipated that CHDOs and Non-Profit developers will utilize Federal Home Loan Bank of Topeka- Affordable Housing Program grants in projects to perform energy efficiency improvements to elderly congregate apartments and in the new construction of single family rental units.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Tulsa County contracts with Subrecipients to operate a Homebuyer Down payment and Closing Costs Assistance program within the HOME Consortium region. Qualified homebuyer applicants may obtain a self-amortizing five (5) year zero percent (0%) interest loan with a due on sale clause secured by a mortgage instrument. One-Fifth (1/5) of the loan is forgiven each year of occupancy to encourage neighborhood stability. The Homebuyer programs use only the Recapture provisions to recapture the amount of HOME investment in a homebuyer unit. The amount of direct HOME subsidy will be reduced on a daily pro-rata basis for the time the homebuyer has owned and occupied the housing, measured against the required affordability period. The original homebuyer may sell the property to any willing buyer, regardless of subsequent buyer's income level, during the period of affordability. Tulsa County will recapture a pro-rated portion of the HOME-assistance provided to the original homebuyer at the time of transfer of title, provided that net proceeds from the sale are sufficient to repay the balance remaining on the pro-rated direct HOME subsidy amount. The pro rata amount recaptured by Tulsa County cannot exceed what is available from net proceeds. The Closing Disclosure document prepared at the time of transfer of title will state the net proceeds available to the Owner to determine the amount available to Owner. The net proceeds are the sales price minus loan repayment (other than HOME funds) and closing costs. The amount subject to recapture is limited to the net proceeds available from the sale. If there are insufficient net proceeds available at sale to recapture the full pro rata amount due, the Owner is not required to repay the difference between the prorated direct HOME subsidy due and the amount to recapture from available from net proceeds.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Tulsa County has a policy not allowing HOME funds to be used to refinance existing debt on multifamily housing.
