Call to Order

The Chair Mike Burdge called the meeting to order.

Introductions – Not needed

Approval of Minutes of the Meeting dated April 10, 2026

A motion was made by Mr. Patten and seconded by Mr. Brierre that the minutes from April 10, 2026 meeting be approved. Motion carried unanimously.

Tulsa Regional Chamber Report

Tiyahna Garrett reported that there were no policy updates from the Tulsa Regional Chamber at this time. She also announced that their final legislative briefing event will take place on Friday and will feature speakers including Jim Bridenstine, Grayson Ardies, Senator Haste and Representative Archer.

OML Report

Alex Adkins reported that Leslie Blair was unable to attend the meeting today and sent a brief report. She noted that the retired municipal judicial carry bill is on the Governor's desk for signature. The penny rounding bill went back to the House to accept the Senate Amendments. Additionally, SB 1775, relating to municipal traffic tickets and limiting fines to the amount in statute is on the House Floor Agenda as well. Ms. Adkins also updated the committee on HB3403, Representative Patzkowsky's biosolids bill, noting that the measure is being sent to

conference committee. Current discussion involves converting the proposal into a four-year study, although it remains uncertain whether the Senate will agree to those changes. The committee was updated on SB647 by Frix has reappeared in conference committee that would require municipalities to reimburse a property owner if they enforce a revisionary clause, and HB1907 that is a battery recycling bill.

Discussion of 2026 issues and slate

Alex Adkins reported that the legislature is expected to adjourn earlier than usual, potentially as soon as this week. With the state budget already signed, lawmakers have relatively few constitutionally required actions remaining, contributing to speculation about an early “sine die” adjournment. Discussion centered on the lack of cohesion between chambers.

Several bills were discussed including legislation regarding municipal authority, Open Meetings Act oversight, Turnpike Authority public comment requirements, and SB563 updating planning commission statutes affecting Tulsa County. HB2123 regarding the South Tulsa/Jenks River Bridge area was noted as having become law without the governor’s signature. SB2060 concerning public infrastructure districts was signed into law after negotiations among state and local stakeholders.

The group discussed broader fiscal and policy concerns. Education funding received modest increases this year, including teacher pay raises. Strong Readers Act initiatives, and additional private school tax credit funding. Concerns were raised about the growing reliance on one-time funding sources, the eventual expiration of ARPA funds, and increasing uncertainty surrounding future federal funding, particularly in Medicaid and SNAP programs.

Additional discussion focused on reversionary zoning, and the likelihood of fewer interim studies during the upcoming election year and the possibility that future CTAG meeting may need to remain flexible depending on the Legislature’s adjournment schedule.

Announcements - none

Adjournment – There being no further business the meeting was adjourned.
