# **FFY 2023**

## **Annual Listing of Obligated Projects**

For the Tulsa Transportation Management Area

Proposed for approval and endorsement by the INCOG Board of Directors 12/12/2023

This report was prepared by INCOG and was financed in part through United States Department of Transportation funds (Federal Highway Administration and Federal Transit Administration), and in part through local matching funds provided by INCOG member governments. The contents of this report are the responsibility of INCOG. The United States government and its agencies assume no liability for the contents of this report or for the use of the contents.

#### **INCOG** Annual Listing of Obligated Projects (ALOP)

The Bipartisan Infrastructure Law (BIL), signed in November of 2021, requires an annual report of all transportation projects for which federal funds were obligated during that year.

The purpose of this report is to meet that requirement for the Indian Nations Council of Governments Transportation Management Area for Federal Fiscal Year (FFY) 2024 (October 1, 2023-September 30, 2024). The federal government obligates, or commits, funds to a project only after the completion of the required project development process and all local, state, and federal approvals have been obtained.

#### § 450.332 Annual Listing of Obligated Projects

- (a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.
- (b) The listing shall be prepared in accordance with § 450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under § 450.324(e)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years. (c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.
